MESSAGE FROM THE CHAIR

Hello and welcome to the Gadbrook Park BID autumn newsletter.

I hope you've enjoyed a productive couple of months since the end of summer and are in a position to finish the year on a high.

This newsletter always shines a spotlight on the achievements and positive developments of our BID members here on the estate and this edition is no different.

I was particularly keen to read about **ASM's new Munich workspace** as they enhance their European presence and offering. What a great achievement, and I'm sure you'll all join me in wishing them well in this new endeavour.

On a similar theme, I'd like to take this opportunity to say good luck to **WR Partners** in their **new home here on Gadbrook Park**. The launch event to mark the office opening was well attended and should provide an excellent base for them here in Mid Cheshire.

Elsewhere there's good news from **Butcher & Barlow** who have once again been recognised in **The Legal 500 rankings**. This is the ninth consecutive appearance in the rankings for the law firm so they must be doing something right!

Also in this edition, we say hello to **Cheshire Veterinary Dermatology**; share details of a heartwarming Christmas campaign being delivered by **Home Instead**; and hear from **Tan Republic** who are all set to help people sparkle and glow this festive season.

There's even time to reveal news of **the BID's new Hedgehog housing scheme** which plenty of businesses have already got involved with.

It's part of our efforts to improve biodiversity here on the Business Park and help nature flourish, and it's been great to see lots of businesses taking part.

And finally, please make sure you check out the **updates section** which features lots of handy websites and contact details – there's also news of skills bootcamps and an upcoming webinar so please do have a read.

That's all from me for now, other than to wish you a prosperous end to the year and a lovely festive period when it arrives.

Yours Sincerely,

Chris McLaughlin,
Chair of Gadbrook Park BID

GADBROOK PARK BIODIVERSITY SCHEME

Gadbrook Park is well on its way to becoming a hedgehog friendly business park with five hedgehog boxes funded by the BID installed at Timberwise, Willows Vets, Turnkey, H&M Disinfection Systems and Looking Forward Activities, with a further six boxes due to be installed in the next few weeks.

The hedgehog boxes form part of a Business Park wide scheme across Gadbrook Park to help improve the biodiversity of the area as part of the Business Improvement District, with bat and bird boxes due to be installed in the winter along with solitary bee habitats in the spring.

Tips for making your business premises hedgehog friendly:

If you or any contractors are doing any maintenance work including strimming, **please ensure any areas have been checked first for sheltering hedgehogs.** Hedgehogs won't run away from a strimmer and many injuries they sustain end up fatal.

If you spot an injured or unwell hedgehog out in the daytime, please carefully place it in a cardboard box and bring inside to a quiet place, then ring the local Northwich hedgehog rescue centre who can assist on **07816 096849**
